

SERA L. YOUNG

Department of Anthropology, 515 Clark Street, Evanston, IL:: T 607.351.0172 ::
sera.young@northwestern.edu :: www.serayoung.org

CURRENT APPOINTMENT

Northwestern University, Evanston, IL :: Department of Anthropology, Assistant Professor— August 2015-present

PREVIOUS APPOINTMENTS

Cornell University :: Department of Population Medicine and Diagnostics, Assistant Professor of Global Health and Nutrition — August 2015-August 2016

Cornell University :: Division of Nutritional Sciences, Research Scientist — July 2011-July 2015

University of California, San Francisco :: Department of Obstetrics, Gynecology, and Reproductive Sciences, Reproductive Infectious Diseases Fellow — 2010-2011

University of California, Davis :: Department of Pediatrics, Assistant Researcher — 2008-2011

University of California, Berkeley :: **School of Public Health**, Assistant Researcher — 2008

EDUCATION

Cornell University :: **Ithaca, NY** — 2003-2008

PhD in Nutritional Anthropology. Division of Nutritional Sciences. Chair: Gretel Pelto, Professor of Nutritional Anthropology.

University of Amsterdam :: **Amsterdam, the Netherlands** — 2001-2002

MA in Medical Anthropology. Highest Honors. Advisor: Sjaak van der Geest.

Taasisi Institute of Kiswahili and Foreign Languages :: **Zanzibar, Tanzania** — 2000

Introduction, Intermediate, and Advanced Swahili Courses.

University of Michigan :: **Ann Arbor, MI** — 1995-1999

BA in Anthropology. High Honors. Secondary Level Teaching Certificate.

Katholieke Universiteit of Leuven :: **Leuven, Belgium** — 1996-1997

Junior Year Abroad Program through the University of Pennsylvania.

United World College of the Atlantic :: **Wales, UK** — 1993-1995

International Baccalaureate.

CURRENT SUPPORT

National Institute of Mental Health (NIMH) :: R21 “Health Consequences of Water Insecurity for HIV+ Women & Their Infants” — 2016-2018 (PI \$337,214)

McKnight Foundation :: “Singida Nutrition and Agroecology Project (SNAP)” — 2015-2018 (co-PI, \$600,000)

Atkinson Center for Sustainable Future Venture Fund :: A novel assay for simultaneous multiplex detection of diarrhea-causing viruses, bacteria, and protozoa in drinking water and deployment in Kenyan and Honduran households — 2015-2017 (co-PI, \$132,558)

National Institutes of Health (NIMH) :: K01 Health Consequences of Food & Nutrition Insecurity for HIV+ Women & Their Infants — 2012-2017 (PI, \$853,970)

Atkinson Center for Sustainable Future Venture Fund :: Healthy Soil + Fertile Land + Food Security — 2014-2016 (co-I, \$143,344)

PENDING

United States Geological Survey (USGS) :: Assessment of Household Water Insecurity in the United States: A Comparative Analysis (co-PI, \$250,000)

Innovative Metrics in Nutrition and Agriculture (IMMANA):: “A novel tool for the assessment of household-level water insecurity: scale refinement, validation, and manual development” (PI, \$359,625)

PREVIOUS GRANTS AND FELLOWSHIPS

CARE/Atkinson Center for Sustainable Future Impact through Innovation Fund :: A pilot study of the effects of performance-based incentives on the provision of PMTCT services in Inhassoro District, Inhambane Province, Mozambique — 2012-2014 (PI, \$200,000)

Seed Grants for Collaborations Between Cornell University-Ithaca and Weill Cornell Medical College Faculty :: Food insecurity as a novel diagnostic screening tool for poor nutritional and psychosocial outcomes among HIV-infected and -uninfected lactating Ugandan women and their infants — 2013-2014 (PI, \$50,000)

Cornell Population Center :: “Development of appropriate methodologies for estimating dietary intake among nutritionally vulnerable women and infants in rural and peri-urban Kenya” — 2013-2014 (PI, \$2,500)

Pears Seed Grant Program, Faculty of Medicine, Hebrew University :: Food Insecurity and Nutritional status of patients Infected with Tuberculosis and Human Immunodeficiency Virus in Gulu, Northern Uganda — 2013-2014 (co-I, \$5,500)

National Institutes of Health (NICHD) :: P01 Novel Strategies to Prevent Malaria and Improve HIV Outcomes in Africa — 2011-2013 (sub-contract PI, \$63,700)

National Institutes of Health (NIMH) :: R21 Agricultural Intervention to Improve Health of HIV-affected Children in Kenya — 2011-2013 (consultant)

Campbell Foundation :: Clinical study of Flash heating breastmilk to decrease morbidity, improve growth, and reduce HIV transmission in HIV-exposed infants — 2010-2011 (Co-PI, \$50,000)

National Institutes of Health (NICHD) :: R34 Planning grant to fund the preparation of a large multi-disciplinary study of Flash-heating of breastmilk by HIV+ women to prevent mother-to-child transmission of HIV — 2010-2011 (Co-I \$63,700)

National Institutes of Health Reproductive Infectious Disease Fellowship (NIAID) :: Post-doctoral trainee on T32 Institutional Research Service Award, University of California — 2010-2011

Thrasher Research Fund :: Early Career Award — 2009-2010 (PI, \$26,000)

American Psychological Association :: HIV Cybermentor Travel and Research Award — 2009-2011

Population Center Research Award :: UC Berkeley — 2009 (Co-PI)

Wenner Gren Foundation :: Hunt Postdoctoral Fellowship — 2009 (PI, \$19,998)

Robert Wood Johnson Foundation :: Health Disparities Small Grant — 2008 (co-PI, \$10,000)

University of California Institute for Mexico and the United States (UC MEXUS) :: Pilot grant — 2008 (Co-PI, \$1,500)

University of California, Berkeley :: Professional Development Grant — 2008

National Institutes of Health Pre-doctoral Trainee (NICHD) :: Pre-doctoral trainee on T32 Institutional Research Service Award, Cornell University — 2005-2007

Park Avenue Financial :: “Investing in Others” Scholarship :: — 2006

Fulbright Scholarship :: Tanzania — 2005-2006 (Declined, duplicate funding)

Division of Nutritional Sciences Small Grant :: Cornell University — 2004, 2005, 2007

Mario Einaudi International Research Travel Grant :: Cornell University — 2004, 2005

Flora Rose Fellowship :: Cornell University — 2004

Sigma Xi Research Grant :: Cornell University — 2004

National Science Foundation Graduate Fellowship Honorable Mention :: Cornell University— 2004

Rotary Cultural Ambassador Scholarship :: Taasisi Institute of Swahili, Zanzibar, Tanzania — 2000

AWARDS

Margaret Mead Award :: American Anthropological Association and the Society for Applied Anthropology — 2013

In recognition of exemplary skills in broadening the impact of anthropology.

Dissertation Award :: Society for Medical Anthropology — 2009

In recognition of the outstanding dissertation in the field of medical anthropology.

Allan Rosenfield Scholar & New Investigator in Global Health :: Global Health Council — 2009

For outstanding research on reproductive and family health.

Distinguished Poster :: International Congress of Nutrition — 2009

Young, S.L., Chantry, C., Ngonyani, M., Israel-Ballard, K., Ash, D., Nyambo, M. Flash-heating breastmilk is feasible in Dar es Salaam Tanzania.

Sugar Award:: One Laptop Per Child — 2007

For the development of the best educational children’s software.

Rudolf Virchow Award :: Honorable Mention : American Anthropological Association — 2003

Presented by the Society for Medical Anthropology for advancing critical perspectives in medical anthropology.

Christine Wilson Award :: American Anthropological Association — 2002

Presented by the Council on Nutritional Anthropology.

Student-Intern Teacher of the Year Honorable Mention :: State of Michigan — 1999

For the demonstration of outstanding potential as an educator.

TRAINING

National Institute of Health's Advanced Training Institute on Health Behavior Theory — Summer 2012

American Psychological Association's Cyber Mentor Program for HIV research, Committee on Psychology and AIDS — Fall 2009-Fall 2011

Dannon Nutrition Leadership Institute — Spring 2009

New Investigator in Global Health Program, Global Health Council — Spring 2009

Cells to Society Biomarker Institute, Northwestern University — Spring 2008

TEACHING

Undergraduate independent research: NS 4010 - Empirical Research; BIOG 2990; BIOG 4990 — Fall 2012— present

Community and International Nutrition Seminar Series NS 6980 :: Organizer : Cornell University Fall — Fall 2012, Spring 2013

Nutrition in Developing Countries PH 298.41:: Lecturer : UC Berkeley School of Public Health— Spring 2008

Nutritional Problems of Developing Nations NS 306 :: Teaching Assistant : Cornell University— Spring 2004

English Literature, Special Ed :: Substitute Teacher : Port Huron School District, Michigan— Spring 2000

Secondary Level Teaching Certificate:: University of Michigan :: Ann Arbor, Michigan — 1999

Cultural Anthropology :: Student Teacher : Plymouth Canton High School, Michigan— Spring 1999

AP English :: Student Teacher : Cass Technical High School, Detroit, Michigan— Fall 1998

STUDENTS ADVISED

Doctoral students, committee chair: Barnabas Natamba, Roseanne Schuster, Marianne Vicky Santoso

Doctoral students, committee member: Elizabeth Fox (Cornell), Sarah Pedersen (Cornell), Betty Samburu (Kenyatta University), Anne Williams (University of California, Davis), Sarah Dumas (Cornell)

Medical students: Angela Arbach (Cornell Weill), Natalie Krumdieck (Cornell Weill), Jason Nagata (University of California, San Francisco), Alexis Steinmetz (Loyola)

Master's students: Shalean Collins (Tulane)

Postdoctoral fellows: Yolanda Brooks, Godfred Boateng, Katie Fiorella, Paula Pebsworth, Elizabeth Widen

Undergraduate students:: Cedric Ahn, Chaele Arkfeld, Eleonore Baughan, Lauren Blacker, Corrine Casal, Pooja Desai, Melanie Graber, Damarys Hernandez, Josephine Hong, Jen Huang, Hijab Khan, Paige Killeala, Joanie Kim,

Heather Larkin, Ann Lei, Janice Lin, Phoebe Lo, Rachel Lumish, Abena Maranga, Emily Martey, Devon McMahon, Chloe Michel, Joshua Miller, Lusine Mehrabyan, Sophie Mou, Jacqueline Rivera, Marion Robine, Keith Ryan, Evelyn Samuel, Gretchen Seim, Rie Seu, Santana Silver, Shanna Smith, Christina Son, Alexis Steinmetz, Luisa Temple, Irene Tsai, Kelechi Umoga, Shiliu Wang, Tingting Wu, Amy Zheng

FIELD RESEARCH, BY TOPIC

HIV and Nutrition:

Health Consequences of Food & Nutrition Insecurity for HIV+ Women & Their Infants :: Kisumu, Kenya :: Cornell University, Kenyan Medical Research Institute, and Family AIDS Care and Education Services, — 1/13-present

An investigation of the role of food insecurity in adverse maternal and infant health outcomes among HIV-infected and uninfected pregnant and lactating women in western Kenya.

Food insecurity and nutritional status of patients infected with tuberculosis and HIV in Gulu, Northern Uganda (The FINITH Study) :: Gulu, Uganda :: Cornell University and Gulu University — 1/13-1/14

A cross-sectional study of the effects of food insecurity on disease and nutritional status among adult Ugandans infected with TB and/or HIV.

Prenatal Nutrition And Psychosocial Health Outcomes (PreNAPs) study :: Gulu, Uganda :: Cornell University and Gulu University — 9/12-1/15

A longitudinal cohort study of the effects of food insecurity on depression, stress, and gestational weight gain among HIV-infected and -uninfected pregnant women.

PROMOTE study (Prevention of Malaria and HIV disease in Tororo) :: Tororo, Uganda :: University of California, San Francisco and Makerere University — 1/11-2013

Assessing and intervening to improve nutritional and obstetric outcomes among a cohort of HIV+ women receiving anti-retroviral therapy and their HIV-exposed infants.

Feasibility and pilot efficacy of Flash heated breastmilk to reduce pediatric HIV :: Dar es Salaam, Tanzania — 6/08-12/11

Scientific coordinator of a multi-disciplinary study of the effects of home-based education on exclusive breastfeeding and the uptake and consequences of rapid heating of breastmilk among HIV+ women in urban Tanzania.

Program Development and Implementation Research:

Understanding the Barriers and Facilitators to Uptake, Provision, and Management of Prevention of Vertical Transmission of HIV Services in Inhassoro District, Mozambique :: Cornell University and CARE-Mozambique — 3/12-present.

A pilot intervention study to determine if performance based incentives can improve the quality of care provided to HIV-infected pregnant women.

Reaching the Hard to Reach: Documenting World Vision Haiti Mobile Clinic Best Practices :: Haiti :: Cornell University and World Vision — 3/11-12/11

Determining best practices for reducing maternal anemia among rural women via mobile clinic services.

Maternal anemia care, program evaluation :: Pemba Island, Zanzibar, Tanzania : Cornell University / Zanzibar Ministry of Health— 6/06-8/06

Conducted community surveys, focus group discussions and interviews with traditional and biomedical health care workers, private medicine retailers and pregnant women to understand how use of anemia medicine can be improved.

“Adapting EFNEP to the changing needs of food-assistance eligible families in the era of welfare reform” ::

Qualitative Researcher : **Cornell University** — 2003-2004

Conducted interviews and focus group discussions with nutritional education program staff as part of a USDA-funded multi-state research project to understand the effects of welfare reform on nutritional status and well-being.

Pica

Antojitos study, the relationship between pregnancy, pica, iron status, and cognitive function :: Salinas, California — 6/08-6/11

Primary investigator of a study of nutritional behaviors and beliefs, and their associations with iron status and cognitive function among pregnant Hispanic women.

Quantitative and qualitative study of non-food cravings, primary investigator :: Pemba Island, Zanzibar, Tanzania : Cornell University— 5/04-6/04, 6/06-8/06

Secured funding, hired, and trained Zanzibari fieldworkers to collect epidemiological data about consumption of non-food substances (pica) in 700 adults as part of a larger trial on the prevention of severe anemia (PI Rebecca Stoltzfus). Conducted in-depth interviews about pica (the cravings for and consumption of non-food substances) with community members and health care workers. Collected samples of pica substances for biochemical analysis.

Perceptions of anemia during pregnancy :: Pemba Island, Zanzibar, Tanzania : University of Amsterdam — 5/02-7/02

Qualitative data was collected about the perceived causes, cures, and appropriateness of UNDP-supplied ferrous sulfate and traditional medicines for the treatment of anemia during pregnancy. Analyzed data to make suggestions about how traditional and biomedical treatments can be linked.

Other

Hospital Renovation, project manager :: Pemba Island, Zanzibar, Tanzania — 2001, 2003, 2005.

Identified areas of need, raised all funds, and oversaw renovations of Mental Hospital, Maternity Ward and Children’s Ward.

“Down for the count in the Bijlmer” :: Interviewer : University of Amsterdam — 2002

Censused and interviewed homeless people about drug use, health care, and general well-being in low-income neighborhoods in Amsterdam.

Polygyny and child mortality :: Mali, West Africa/University of Michigan —1998.

Field manager of longitudinal biological anthropological study comparing infant mortality by family structure. Responsibilities included fieldworker hiring, anthropometry of 1000 0-5 year old children, household surveys, censusing villages, house construction, and data organization.

RESEARCH POSITIONS & CONSULTANCIES

Bangladesh Rural Advancement Committee (BRAC)— 2009

Consulting on reports from Research and Evaluation Division of BRAC.

Program for Appropriate Technology in Health (PATH), Washington DC — 2009

Advised on assessment of nutritional needs among HIV-positive pregnant and lactating Rwandan women.

Instituto Nacional de Salud Pública (INSP), Cuernavaca, Mexico — 2007

Evaluation of quantitative and qualitative data on the acceptability of micronutrient tablets, sprinkles and a fortified food to pregnant and lactating Oportunidades recipients.

University of Amsterdam — 2001-2006

Responsible for translation and text editing of dissertations, articles, and grant proposals. Converted four PhD manuscripts into books.

Kelsey Museum of Archaeology : University of Michigan— 1997-1998

Assisted with reconstruction of an ancient Greek mosaic mural, sorted and classified Etruscan coins.

Royal Museum of Central Africa : Tervuren, Belgium — 1997

Assisted with editing “Zimbabwe: Legacies of Stone Past and Present: Volume I and II”.
